FALL WINTER 2024

FOREWORD

THE BAYOU

The Mad Max series of films, which debuted in 1979, have had a significant impact, deeply embedded in popular culture; references to its dystopian, apocalyptic, and post-apocalyptic themes and bizarre landscape and desolate wasteland imagery have inspired artists to emulate the look and feel of some aspect of the series in their work.

Inspired by Mad Max's dystopian aesthetics, we wanted to explore how design will react to the end of resource abundance, with a focus on products and processes that are regenerative rather than extractive.

Nature is the nucleus of this trend, and it will manifest in the form of materials and ingredients, as well as aesthetics and textures that have elemental, excavated or murky qualities.

The bayou is underpinned by the impulse to preserve and conserve, but it is far from a conservative trend; rather, it is a bold moonshot concept that re-nurtures people and the planet, putting them on a more nourishing track.

We look out for designs, aesthetics and finishes that explore the interplay of light and shadow, as well as mirrored or ghostly designs that seem to disappear within their environment.

WARDROBE 8

At its heart, our FW24 collection is powered by great leaps in how we view and interact with the world around us. As such, it presents an opportunity to reimagine our designs, encompassing idealised forms of escapism, as well as innovations that are as pragmatic as they are aesthetically pleasing.

Our Wardrobe 8 drop kicks off with neutral foundations like Butter Cream, Hazelnut Haze, Vanilla Chai, and Dawn Grey. Think of these colours as the calming vibes of a desert sunrise, setting the stage for what's to come. As you navigate through post-apocalyptic desert, light greens emerge like fresh buds amid the darker shades of Olive Balsamic and Granola Brown. Redwood Clay, with its warm, earthy hue, becomes a silent protagonist, adding a layer of depth that resonates with the true essence of Mad Max.

In the midst of the rugged terrain, Tender Yellow graces our luxury lace styles, injecting a burst of energy akin to a hidden gem waiting to be discovered.

WARDROBE 9

Our Wardrobe 9 drop unveils a diverse palette, featuring bold and distinct colours that define the essence of this chapter in our Winter collection.

As we delve deeper into the colour landscape, rich greens take center stage. Picture Fern Green, bringing to mind lush forests, seamlessly blending with the darker Earthy Evergreen. These colours dance harmoniously with the earthy tones like Olive Vine and Olive Balsamic. Introducing Lotus Pink, a subtle twist on the traditional, and Electric Purple, a bold proclamation of strength, both emerge as the vibrant heartbeats of our collection.

These pop hues, add an unexpected burst of life. Our steadfast neutrals like Butter Cream, Hazelnut Haze, and Clay, lay the groundwork for versatile combinations. Mix them with the subtle grays, Heather Grey and Grey Mist, to achieve a balanced and sophisticated look.

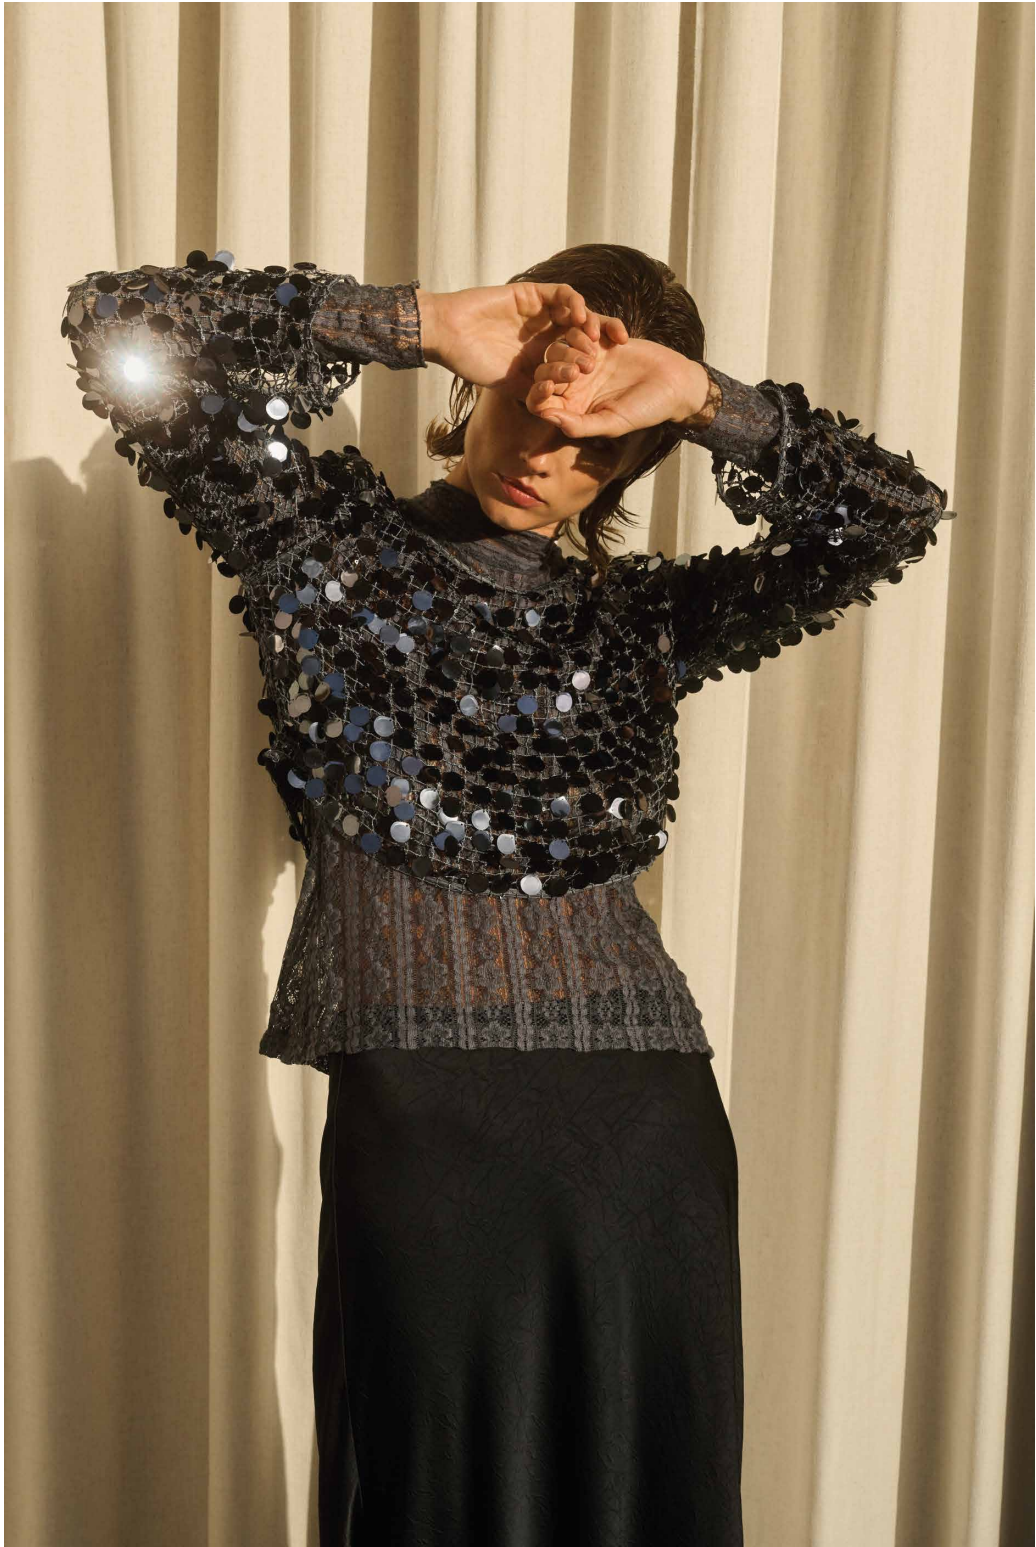

WARDROBE 10

Hints of Golden Green, Earthy Evergreen, and Olive Vine echo through, creating a grounding continuity. Imagine the rich resonance of Wineberry Mauve, reminiscent of the luxurious hues found in a glass of red wine, alongside the darker allure of Bordeaux Plum.

Introducing Rose Rouge, a lighter counterpart, offering a muted yet enchanting variation to Wineberry Mauve. Redwood Clay, revisited from our W8 drop, seamlessly bridges the palettes. Within this array, find the timeless Vanilla Chai, a neutral essence that harmonizes effortlessly. Graphite adds a touch of sophistication, while Raven remains a steadfast presence, offering depth and contrast.

Get ready to redefine your fashion narrative with this distinctive palette, a true testament to the essence of FW24. Each piece is not just an addition; it's a bold and purposeful choice.
