

A woman with long brown hair is sitting in a field of green ferns and grass. She is wearing a bright green suit consisting of a blazer and trousers, over a white crop top. She has her eyes closed and a wide smile, looking directly at the camera. The background is a dense field of green foliage.

LOOKBOOK

## DOWN TO EARTH

22.01- JAN / FEB

This collection explores the treasures of nature with a feminine sensibility. As the world looks set to emerge from the grip of the pandemic our new-found interest in nature and local living will live on.

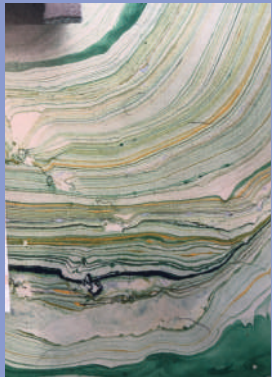

Inspired by the sky, sea and the forest. The colour palette shows toned-down pastels and earthy neutrals, highlighted by a bold and nourishing green. Prints are inspired by nature's textures like marble and animal skins, while a green fox-print is a quirky take on the outdoor-vibe. As always, we keep nature in mind in our choice of materials.

Among the styles you will find forest-friendly viscose, organic cotton and recycled polyester.

Discover functional dressing with a feminine twist, padded gilets and knitted vests worn over feminine dresses or a sporty t-neck paired with a worn-in denim vest. Delicate embroidery, ruffles and cutwork add a feminine sense of texture to the look, popping against the clean lines of suiting and denim.

A collection humming with newfound energy and brighter days ahead.
