DON'T BRING ME ROSES

This is not your ordinary love story. This doesn't end with them walking toward the sunset together. This ends with broken hearts and harsh words, and a woman more empowered on the other side. It ends with a lost favorite motorcycle jacket, because she took it from his closet. It ends with angry letters of burning love. It starts with a new life for her.

The AW25 collection is a love letter from the GESTUZ muse to the person she left behind. And a story of how life became more beautiful on the other side, and about how good his biker jacket looks over her silk dress. It embraces the black widow glamour and luxury rock and roll chicness that is at the core of GESTUZ.

"The femme fatale was once again my main muse for this collection. She is complicated, dark, powerful and luxurious in her very own way. There is very much an old glamour meeting badass rock and roll, all wrapped up in the classic GESTUZ spirit. We embraced a darker version of the GESTUZ woman, and I love that for the winter season."
Creative Director Sanne Sehested.

Heavy leather, delicate lace, chunky knit, and fitted suits, meets feminine floral dresses and biker inspired denim. Creating a collection as filled with contrast as you would expect a GESTUZ AW25 collection.

Key colours include dark reds, green, browns and pops of white. A dark romance is embraced through the prints used in the collection, which again offers a more mature GESTUZ take on prints.

The collection drops in August & September.
